on Thursday Night.

A Big Show Coming to the Opera House The humble romance of the mining camp, the temptations and struggles in the fight for Mother Earth's treasurers

never fail of fascination to the reader and play-goer. "fennessee's Pardner," which appears at Grant's opera house, The man who flee wounded on the battle-field is an object of pitry. The first thought of a tender-hearted comrade is to offer succor and sympathy. There are many wounded men and women on the battle-field of life. Shattered in body and mind, and suffering of the wounded hero on the battle-field of war, pales into insignificance. They make no outcry and their friends and acquaintances pass them by without offering help. Their sufferings are known only to themselves. These are the thousands of sufferers from ill-health. Their name is legion.

The pity of it is that if they but knew it there is relief at hand.

An unfailing cure for all the multitude of ills that are due to disorders of the digestion and to impure blood is found in Dr. Fierce's Golden Medical Discovery. It makes the digestion perfect. It restores the appetite. It fills the blood with the life giving elements and drives out all impurities. It is the great blood-maker and Resh-builder.

Mrs. A. I. Gibbs, of Russellville. Logan Co., Ry., writes: "I can heartily recommend your 'Golden Medical Discovery' to any one who is troubled with indigestion and topid liver. I was so bad I could not lie ou my left side and could scarcely eat austhing. I had a dull aching and pain in my stomach all the time. Now it is all gone after taking one bottle of your 'Golden Medical Discovery."

"The People's Common Sense Adviser' 'explains symptoms of ailments common to Thursday, January 6, 1898, contains all these elements of interest. Built from suggestions found in Bret Harte's great story of the same name, it is the same production which turned people away from the Boston Museum at every performance two years ago. Since then it has filled the biggest houses of the east and west, scoring one of the few conspicuous triumphs of presidential election season, when stage prosperity is rare indeed. The Chicago Tribuna characterizes it as "a pure Hartean romance, stronger in action and intinitely more consonant in the phase of life it depicts than 'Sue,' while it has all the latter's delicacy and richness of character." The company is an unusually powerful one, including James M. Brophy, Percy Plunkett, O. H. Barr, Frank H. Kelly, Walter Ryder, Marion Bohannon, Leon Parmet,
